

This training is hosted by:
The City of Temecula
Temecula Citizen Corps
CAL FIRE
Riverside County Fire Department
Emergency Management Department

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference. Through training, citizens can manage utilities and put out small fires; treat the three killers by opening airways, controlling bleeding, and treating for shock; provide basic medical aid; search for and rescue victims safely; and organize themselves and spontaneous volunteers to be effective.

CERT training is a commitment of 20 hours of disaster preparedness training targeted at 9th to 12th graders. There is \$25 fee for the cost of support during the class. Only those who successfully complete the practical exercise with hands-on instruction in fire suppression, search and rescue, cribbing and medical will receive a certificate of completion and **20 HOURS of Community Service**. For more information please contact Captain Matt Hayes at matthew.hayes@fire.ca.gov or Craig Turner at tcc.program@temeculaca.gov
